## BTK / ARROW RACING KARTS SECURES PRESENTING SPONSOR STATUS

BTK Motorsports Terrence McCall; "When we started looking where to place our advertising dollars in 2006, we wanted to associate ourselves with a quality program, and reach the widest possible audience. Arrow Racing Karts and Bill's Florida Winter Tour share a long history of excellence. Arrow Karts have won multiple local, regional, national and world championships. The Florida Winter Tour is a high profile series, uniquely positioned to reach enthusiasts and competitors all over North and South America, and beyond. I think we're a perfect match".

"I've had the pleasure of working with Terrence and the crew at BTK Motorsports for several years." states Formula Kart's Bill Wright. "They're a first-class outfit, always looking to do things the right way, and they're some of the nicest folks you'll ever meet.
