FIRSTKART.COM JOINS FLORIDA WINTER TOUR LINE-UP

“Pro Shifter and Rotax Senior brought to you by – FirstKart.com”

Guelph, ON. – November 4, 2005. In an effort to give back to the karting community, the FirstKart.com race team has signed on to support the 2006 Formula Kart Racing Florida Winter Tour (FWT). With one of the largest and most professionally run Arrive and Drive race team in North America, FirstKart.com will bring several drivers to the sunshine state for some ‘Serious Fun’ in the Florida Sun.

“After the great success we had last year at the FWT claiming three big championships and with the promotion that we received from the series, I knew that we would have to be back as both competitors and sponsors and didn’t have to think twice about getting back on board to support Formula Kart’s Bill Wright his excellent series,” explained Team Manager Tony Ventresca. “It is a long winter for us back in Canada, so this is a great way to get out and do some racing during the winter months. Last season we were able to claim three championships including the headline ICC division with Daniel Morad, Rotax Junior with Colombian Gustavo Yacaman and Rotax Senior Heavy with Australian Derek Cunningham.”

“We are pleased to have firstkart.com on board for the 2006 season,” explained Wright from his Florida office. “This year’s series is going to be bigger and better than previous years and with the level of competition being brought south as portrayed by First Kart, there is going to be some great racing action. The FirstKart.com race team is one of the most professional companies in all of karting and we are glad to have them as part of our growing series.”

The FirstKart.com race team has had a lot of success over the past couple of years garnering several regional and national championships along the way. In ’03 Bobby Wilson claimed the Stars of Tomorrow ICC crown and in 2005 young Daniel Morad claimed the Florida Winter Tour ICC championship. Both Gustavo Yacaman and Zach Schiff have torn up the junior categories at the national level claiming the JICA and 80cc Junior classes respectively at the Stars of Karting National Championship.

First Kart North America is looking to expand the FirstKart.com race team with arrive and drive opportunities on both the East and West coast for the 2006 racing season. Arrive and Drive opportunities are available in every class offered by most series. Interested parties are asked to contact the First Kart offices toll free at 1.888.884.4851. For information on the Florida Winter Tour please visit www.floridawintertour.com

First Kart North America is also looking to expand its dealer network across the country. With the quality and craftsmanship in the First Kart product line and the support the dealers receive, First Kart North America is making the choice easy. For more information on First Kart North America, product sales, the FirstKart.com race team and exciting dealership opportunities including information on how to get into kart racing please contact First Kart President Tony Ventresca or Mike Maurini at 519-824-4343, toll free at 1-888-884-4851 or visit them online at www.firstkart.com.
