

KART NUMBERS

Competitors who have participated in the Homestead rounds of the 2006 Formula Kart Racing Florida Winter Tour, presented by BTK / Arrow Racing Karts, will continue to use the same numbers throughout the remaining event-weekends. Example: if you were assigned number 23 at Homestead, you will continue with that number at Moroso and Ocala.

Competitors who did not participate at Homestead will be assigned numbers based on availability. You are encouraged to pre-register as soon as possible to increase your chances of getting the number you desire.

ALL COMPETITORS MUST DISPLAY THEIR "OFFICIAL" WINTER-TOUR-ASSIGNED NUMBERS ON THEIR KARTS. YOU MUST DISPLAY THIS NUMBER ON BOTH SIDES, FRONT AND BACK. YOU MUST USE A HIGH CONTRAST COLOR COMBINATION.

We will be enforcing this policy at Moroso and Ocala. We had several competitors who did not display the correct number on their kart. This will now be a post-tech item, and you will be penalized for not displaying the correct number on your kart.
